Give Back

THE CAMPAIGN FOR
FAMILIES
FLEEING
THE WAR IN
UKRAINE

The need is urgent. Your help is needed.

Imagine sending your child to school wearing a sticker to quickly identify their blood type in case of a bombing.

Imagine your child being forced to ride on the outside of an enemy tank, to be used as a human shield.

Imagine losing your friends, your partner, your children during an attack by a neighbouring country.

Imagine your home being turned into a pile of rubble, flattened to the ground in an instant.

Imagine fleeing with your children and aging family members, while the able-bodied men stay behind to stand and fight for your country.

Imagine having to run with what is left of your life with just the clothes on your back, not knowing if you will ever see your loved ones again.

This is happening right now for millions of Ukrainians.

Ukrainians fleeing war will be coming to Canada, mainly women, children and the elderly. Hundreds of them will be coming to Southeast New Brunswick in the coming weeks and months.

Some have already arrived over the past few days. They are here now and need our help.

They arrive, for the most part, with no money, no food, the clothes on their backs, low language skills and no work. They need all of this and:

- ! Housing
- ! Jobs
- ! Furnishings
- ! Childcare
- ! Transportation
- ! Legal assistance
- ! Medical care
- ! Language training
- ! and much more.

100% of your donation will go to support families fleeing war.

After two years of absence, Greater Moncton Gives Back returns under the Greater Moncton and Southeast New Brunswick Give Back banner, sponsored by the Chamber of Commerce for Greater Moncton and BrainWorks in cooperation with the United Way of Greater Moncton and Southeastern New Brunswick

The goal of the campaign is to raise a minimum of \$1 million in funds to support resettlement of Ukrainian families fleeing war who will reside in Southeast New Brunswick. (It should be noted that donors will also have the option of allocating a percentage of their donation to go to humanitarian aid in Ukraine or to support other new immigrants and refugees to our region who also need support.)

One hundred percent of the funds raised will go towards these campaign goals as the United Way of Greater Moncton and Southeastern New Brunswick is waiving any administration fees. - and, Brainworks and CCGM will also waive all fees associated with their involvement in the campaign. Again, the entire campaign will operate entirely at no cost - all costs will be donated or waived.

As leaders in business and in the community at large, we ask you to donate generously in support of the Ukrainian people fleeing war who have arrived and continue to arrive every day.

Frequently Asked Questions:

Q: Where and to whom will the money be going to exactly?

A: The funds will be carefully and professionally disbursed through the United Way of Greater Moncton and Southeastern New Brunswick to support people fleeing war overseas - based on applications received from various support agencies in the southeast of the province.

Q: What will it be used for?

A: The funds can be used to help newcomers in many ways - housing, food, transportation, clothing, education, medical and other resettlement and living costs.

Q: Why is the United Way involved?

A: Because of its excellent track record over many years for integrity, efficiency, capability and knowledge - and, because they when asked, they offered to provide services at no cost.

Q: How much is this all costing?

A: No out-of-pocket expenses are charged to the campaign - none at all. And again, all administration costs are being donated. 100% of the money donated will go to support newcomers fleeing war.

Q: Aren't there already plenty of Government Programs to do all of this re-settlement work?

A: Yes, there are a number of government programs but none are providing anywhere close to sufficient funds to address the many needs.

Q: When are all these refugees arriving?

A: Some have already arrived. More are on their way with others following. The need is right now, today.

Q: How many refugees will there be coming to our part of the province?

A: The quick answer is "hundreds". That said, it is a bit of a moving target. Many are either already here or on their way - fleeing the war. In total, we expect about 500 to arrive in the southeast region over the coming months.

Q: How much money are we trying to raise?

A: Our minimum goal is \$1 Million but we will raise as much as we can over the next couple of months.

Q: How much should I be donating?

A: That is entirely your choice. This is mostly a "Major Donors" campaign at this time. Some have already donated very generously.

Q: Is the donation tax deductible?

A: Yes, entirely. That is one of the reasons that the United Way is involved. The United Way is a Registered Canadian Charity and as mentioned they will do all of the administration of the funds - including issuing charitable receipts. Again, at no cost. - The United Way has donated that service to the campaign.

Q: Why is this called a Major Donor Campaign?

A: Actually, for the first couple of weeks the campaign will focus on the major donor part of the campaign. Another part of the campaign will start later on in April. But, the answer to the question is - because we are asking people for a lot of money.

Q: Have any funds been donated yet?

A: Yes, roughly \$200,000 has already been pledged by various donors?

Q: Will there be a donor recognition program?

A: Yes, for certain. Donors will be recognized publicly with their permission.

Q: How will donors actually donate their funds.

A: There are a number of ways to get a donate funds to the United Way Ukrainian campaign. The Pledge Form outlines the various methods of payment.

Q: If a donor prefers their funds to help other newcomers or to go overseas, can they do that?

A: Yes, the Pledge Form will make it clear how to do that.

Campaign Co-Chairs

Tracy Clinch

“The look on the faces of women carrying their children, holding onto a leash with a dog or two, each person trying to drag a suitcase across the borders, are images that will stay with us all forever.

These families coming to Greater Moncton and Southeast New Brunswick are coming with nothing, literally the only things they could carry out of their homes. But, they do have their hope and their determination to find peace, freedom and a new home.”

- Tracy Clinch

Luigi Rocca

“Watching the human catastrophe unfolding in Ukraine has been extremely distressing to me. I have felt an overwhelming urge to do something so when I was approached about co-chairing a fund raising campaign to help Ukrainian families, I immediately said yes.

As a child of immigrants, I know all too well the challenges my parents faced raising a young family in a new country.”
